AIM HIGH PROGRESS STUDY PROGRAMME

Dear Parents,

In our continued endeavour to engage and enrich our students' learning we have developed the Aim High Progress Study Programme (AHPSP) for your child to work on over the summer vacation. The aim of this programme is to keep students in 'learning mode' so that they continue to make progress without any summer learning loss.

Our Aim high summer programme is designed to help students develop values like sustainability, tolerance, morals, values and character through integrated curriculum and community partnerships.

The AHPSP involves Project Based Learning (PBL) which is an approach to education that emphasizes hands on learning with real life implications and independent research skills to find a solution and present in different ways using variety of tools.

Our students also had numerous opportunities in Term 1 and 2 to work on various STEAM projects like VEX robotics, Lego, printing 3D models. They also explored events within and outside school, which enhanced their critical thinking, problem solving, innovation skills and helped develop their character, tolerance and moral values.

In term 3 despite unprecedented situation of pandemic, our students showed resilience; and successfully adapted distance learning program. They responded very well to the series of synchronous and asynchronous lessons. Teachers have used range of new ICT tools to provide stimulating, enriching, engaging and personalised learning experience for all groups of students.

As your child is moving from Year 7 to Year 8, you can look at the Family Learning Newsletters for Year 8 and learn, in advance, about the learning modules, which will be covered in the coming academic year.

Please find the below links for Family Learning Newsletter:

<https://www.thewinchesterschool.com/for-parents/family-learning-newsletters/>

These are also very useful for new parents. For example, if your child has completed Year 7 in another school, you can look over the Family learning newsletter for Year 7 and map your child's existing learning to what has been completed at The Winchester School, Jebel Ali thus avoiding any gaps.

We hope you will be able to use all these valuable learning resources to support and enrich your child in reaching their full potential. The Winchester School deeply values 'Parents as Partners in Learning.'

Wish you all a very happy and blessed holidays. Enjoy with family and friends. Looking forward to welcoming you back in September.

Yours sincerely,

Dr. Ritika Anand Vice Principal

Project- A Home for Everyone

Learning Objective: To investigate the role of the environment in maintaining suitable habitats for plants and animals.

The Winch Company needs YOU!

The Winch Company wants to hire you to design a dream zoo. As a researcher, you need to observe the animals, explore their habitat and design a suitable habitat for the animals in their dream zoo.

Are you ready for the challenge?

Problem: How can we recommend the suitable habitat for animals in our zoo?

Research: Explore the given links to find more information about the animals and their habitats.

- <https://kids.nationalgeographic.com/explore/nature/habitats/>
- <https://www.youtube.com/watch?v=ZrSWYE37MJs>
- <https://www.youtube.com/watch?v=CxrlEajA398>
- <https://www.youtube.com/watch?v=kGO2se-tjBo>
- <https://www.dkfindout.com/us/animals-and-nature/habitats-and-ecosystems/land-habitats/>

Present: Choose one of the given ways to present your report about your investigation:

Create: It is time to be creative! Design a habitat for one or more animals using the Lego or recyclable materials.

Click a picture of the diorama (model) you create and post it on the padlet link below.

https://padlet.com/win_year2/dream_zoo

I wonder.....

- ✓ Can fishes stay alive in a desert of UAE? Give reasons to support your answer.
- ✓ Can we change the habitat of a polar bear from the Arctic to the forest? Give reasons to support your answer.

- ✓ Why camel is called 'The ship of the desert'?
- ✓ What kind of plants can survive in the UAE? Give reasons to support your answer.
- ✓ What are the necessary things I should provide to the animals in our dream zoo to help them survive there?

Write a **story** to explain the different features of any one or more habitats.

Remember to include the features of story writing, as stated below.
Also, make sure you highlight all the adjectives used in your story.

or

Write **instructions** to explain how you could build a habitat for any one or more animals in your dream zoo.

Remember to include the features of instructional writing as stated below. Make sure you underline the time connectives and circle the bossy verbs used in your instructions:

Once you are done writing the story or the instructions click a picture of it and save it. You will need to mail it to your next year's form tutor.

Reading Comprehension: Attempt the following comprehension, on animals in different habitats, by clicking the link below, or scanning the given QR Code:

<https://bit.ly/2ApEIYW>

Now, attempt a few questions based on the above comprehension, by clicking the link below, or scanning the given QR Code:

<https://bit.ly/3dImZKA>

SCAN ME

Super Challenge (Optional)

Task 1: All Amazing Alliterations!

Now, it's time you put your creative caps on and use some **funny alliteration** to **describe** different **animals** in various habitats! For example:

Crawl like a creepy
crawly caterpillar

"Suzy saw a silly seal."

Super Challenge (optional)

Task 2: Writing a Poem

Awaken that little poet in you, and pen down a short poem, on any animal of your choice. Remember to include the following features of a poem:

- Rhyme
- Alliteration
- Onomatopoeia

Animal Riddle Poem

It is bright green
It lives by the pond
It rhymes with "fog"
Hop, hop, hop

It is a frog!

Submission date - September

1st to 15th 2020

Maths

Solve these mathematical mysteries as you explore different habitats around the world.

Click on the link below or scan the QR code to take a look at animals from different habitats of the world

[Animals from habitats around the world](#)

SCAN ME

Task 1

- Record the number of animals from different habitats in a table, pictogram or a block graph

Pictograph

All pictographs have a key to let you know what each symbol stands for.

Number of ice-cream cones sold

Each	🍦
Anna	🍦🍦
Osney	🍦🍦🍦
Christy	🍦🍦🍦🍦

Each 🍦 = 3 ice-cream cones

All Pictographs always have a Title

All pictographs have a key to let you know what each picture stands for.

A pictograph uses pictures to show the data collected.

Animal Exhibit	Number of People Who Favor the Exhibit
Gibbons	17
Pandas	33
Polar Bears	12
Gorillas	24
Snakes	5
Fish	2

Be as

Parts of a Graph

TITLE → our pets

6			
5			
4			
3			
2			
1			

DATA →

LABELS → Cat Fish Pig Dog

creative as you can:

You can represent the data virtually using MS Word tools.

Represent it using blocks, pebbles, pasta or any recyclable objects like bottle caps, buttons etc.

Click a photograph of your work and upload it on the padlet link below. Dont forget to mention your name and section

Extension: (Optional)

Now try to sort these animals in a venn diagram. You can select your own criteria to sort them.

Task 2

Based on animals found in different habitats create story sums of your own involving addition and subtraction.

Let's collaborate

Post your word problems on the link below. Let your friends attempt to answer them.

Word Problems-Habitats

Super Challenge: (Optional)

Calculate the value of each of the sea creature and solve the number sentence.

 $2 \times \text{Crab} = 18$

 $2 \times \text{Turtle} = 16$

 $2 \times \text{Snail} = 14$

 $1 \times \text{Crab} + 1 \times \text{Snail} + 1 \times \text{Turtle} = \square$

RTA

Hello my friends. Did you know that RTA sterilizes and cleans all the 47 Dubai Metro stations and all the 79-metro trains daily to ensure the health and safety of passengers?

1 Remember face masks is mandatory

2 Plan your journey on the metro in advance, avoid peak hours and be sure to follow the instructions of the station supervisors

3 Keep a safe distance of 2m between you and others while waiting for the metro

4 Make sure there is an empty seat next to you and follow the alternate seating policy

5 Don't crowd around the metro entrance and wait for the next trip if the cabin is full

6 Don't forget to use an antiseptic to sterilise your hands after touching the surfaces knobs and handles ... Stay safe
