Summary:

After the success of the Student Leadership Conference (SLC) in term one we organised one more in term 2 to raise awareness about National Agenda among our student leaders and to give opportunities for them to come up with innovative ideas to achieve the National Agenda.

The Student Leadership Conference (SLC) will facilitate collaborative and thought provoking educational environment, which will inspire the student leadership community. SLC enables students to have a valuable peer-to-peer learning experience and engages them to share and develop their leadership skills effectively. The SLC will provide leaders the means to expand their individual leadership potential as well as avenues to apply those skills, in individual, group levels and within the global community. The key focus for this term's SLC is "National Agenda & Us". We had student leadership conference on Thursday, 28th January from 12.00PM to 1.45 PM in the auditorium. "
